At CoRHS we understand that everyone has occasional emergencies and illnesses, but it is critical for us to have reliable staff who can commit to all of their shifts for the entire intern period. Vacation days are only allowed if you are able to arrange coverage by another staff member, which can sometimes be difficult. Do you think our policies in this area will be a problem for you? Also, do you have any plans for trips/vacations that we should know about? (Planned vacations will not necessarily affect candidate selection.)
